## By Car

- Approach from Lagland Street or Newfoundland Drive and generally on the routes as shown in green or red to the above map. There is a mini roundabout in the highway where the red and green routes (as shown) meet, next to the Foundry Arms pub.
- Once at the mini roundabout, continue north on Lagland Street (sign posted as a bus route), shown as a blue line on the above map, proceed over the High Street crossing [caution – pedestrians] until you reach our visitor car park, on the right hand side (outlined green to the train station directions).
- Once you have found a parking space, please proceed beneath the central arch, where you will find Unit 6 on the left hand side. We will provide you with a parking permit to be displayed in your car.
- Please return the parking permit to reception at the end of your visit.

## By Train

- Arriving at Poole train station, follow the yellow route marked to the image, proceeding beneath the B3068 flyover. You can cross the tracks via the railway footbridge in the station or the public underpass, if necessary.
